PROJECT EXPERIENCE

The Pinkie Link
Team project with the company NetSynergy creating an ecommerce website for a client wanting to modernize their website. Developed using HTML, Bootstrap, and CSS.

NuvIoT
Team project with the company Software Logistics, LLC creating a service for users to control, maintain, and organize IoT devices from a web application. Developed using ASP.NET.

The Frugal You
Team project with the company Fusion Advertising. Worked with web and app developers to create a user consumption coupon app for iOS and Android. Developed with Xamarin.

Basic Math Solver
Individual project for personal practice and experience. Created an application for Windows 10, iOS and Android that performs basic math calculations. Developed with Xamarin.
